UNIVERSITY OF PHAYAO GPA : 3.03
Bachelor of Engineering
(Software Engineering)

ABOUT ME

I am currently a third-year Software Engineering student at the University of Phayao, seeking an internship position in Front-End Development, UX/UI, or Business Analysis (BA) from 3 November 2025 to 20 February 2026.

PROJECT

SLRI FLOWER

Oct 8 2023 – Oct 9 2023

I was responsible for UX/UI design, focusing on creating a clean and user-friendly interface using tools like Figma.

melodytune

Jul 2024– Sep 2024

In this project, I was responsible for designing the UX/UI for 3 pages and developing the front-end for 1 page.

Second-hand IT Equipment Website

Jul 2024– Sep 2024

This project, I was mainly responsible for UX/UI design and front-end development. I primarily used Next.js to build the user interface and styled it with Tailwind CSS.

Cookzy

Dec 2024– Feb 2025

In this project, I mainly worked as a front-end developer using Next.js. My responsibilities focused on building the user interface, and I used Tailwind CSS for styling.
